1. Manawaru Village Petition to Matamata Piako District Council - 11 Feb 2024.

“Please leave our maximum road speed limit as it is now at 50 km per hour throughout Manawaru Village.”

Our February petition to our community said:

Please support us by signing below or giving a thumbs up or “like” on social media to represent your household if you too **reject** this (ie Council’s) proposal and **like us** want to keep the 50 kph limit as it is.

Thank you for helping to keep our community, our children and families safe.
Cafe77 & Community View

2. Petitioners’ Statement to Council – 11 Feb 2024

Dear Madam Mayor & Councillors

Manawaru Village fought hard with the help of then Mayor Ash Tanner to reduce our speed limit from 70 to 50 km per hour because of the identified traffic risks. (See Stuff article 15 Sept 2020 under “ Maverick Mayor”)

Council has planned to raise our speed limit by late February 2024 to 60 kph “ because traffic are exceeding the current limits” allowing them to go even faster; the extra 10kph would only save an extra 10.1 seconds when travelling through the village.

Our village is **unique** with 3 cycleway crossings, and 7 days per week connector road and community traffic, including to school, 2 churches, Cafe 77, numerous Community View events with the climbing wall, Play Centre and a Public Hall, not forgetting the homes, several with children who also have to deal with the noise and the speed.

A 60K speed limit would magnify the danger to our families, children, visitors, cyclists and pedestrians, as trucks, motorbikes and vehicles will still exceed the speed limit by going even faster, and we don’t want our first accident.

To support our case, information from National Statistics and an expert witness Tara Hills, has been previously provided to Councillors & Management.

Thank you Madam Mayor for allowing this petition to be presented to Council this week.

On behalf all the petitioners

Lee Love, Operations Manager: Cafe77 & Community View
Stuart Bay, Chairman, Community View

3. Number of signatures

Approximately 200.

Please see the supporting documents provided with the pages signed at Community View and of those who registered on line.

Before petitioners signed they read the introductory note under the heading **“Save our children”** which was provided to give context to the wording of the above petition.

2 Feb 2024

Petition to Matamata-Piako District Council

Dear Madam Mayor & Councillors

Manawaru fought hard with the help of then Mayor Ash Tanner to reduce our speed limit from 70 to 50 km per hour because of the identified traffic risks. (See Stuff article 15 Sept 2020 under "Maverick Mayor")

Now, council has planned under the cover of the holiday to lift it to 60 kph "because traffic are exceeding the limits" so they wish to allow them go faster still, an extra 10kph saving only another 10.1 seconds when travelling through the village.

Our village is **unique** with 3 crossings, and community traffic to school, 2 churches, Cafe 77, numerous Community View events with the climbing wall, Play Centre and the Public Hall, not forgetting the homes who also have to deal with the noise and the speed.

A 60K speed limit would add more danger to our families, children, visitors, cyclists and pedestrians, as trucks, motorbikes and vehicles will still exceed the speed limit by going even faster, and we don't want our **first** accident.

Your family doesn't want to be first, no family does, so once again former mayor Ash is willing to chair a public meeting with the TV News present if we need to go that far, so watch this space.

Please support us by signing below or giving a thumbs up or "like" on social media to represent your household if you too reject this proposal and like us want to keep the 50kph limit as it is.

Thank you for helping to keep our community, our children and families safe.
